Tickling Meital.

meital was the first girl that i didn't know.

few months after filming adva she called me and told me that she told a friend of her about our tickling.

and so, we got to know this cute girl named meital.

unlike adva meital is VERY ticklish all over her body.

to help me i called HDAR and ROTEM to the mission.

all three of us tickled meital silly until she couldn't take it no more.

if you like cute laugh and great reactions, this is the clip for you.

enjoy.
