reut tickles Yana's FEET part 2 (clip is 8:00 min long)

Yana's feet are so ticklish that I couldn't stop tickling them.

I mainly tickled her with my fingers because she was more sensitive to them

then to the electric tooth brush, my fingers made her insane,

She got so wild trying to get loose she was hurting her poor little heel

Banging it on Perswoodsky until we had to put the heart pillow below.

At some point I trapped her poor feet between my thighs

and used both of my hands tickling Slow and fast all over her ticklish feet

she could not take it, such a small girl and still it was hard for me to restrain her....

Enjoy!
