The not tickled girl !

its not that this girl isn't ticklish.

she was just too ticklish....

this girl came with my cusin and her friends.

she tickled all of her friends, but when her turn came she started to freak out.

we spent many time to make her go on and get tickled and finally she agreed.

but that lasted for 1 minute.....

she got loss and said that there is no way in hell she's getting back.

maybe you can try to talk to her and get her to come back....

this 1:30min clip is here for free (thats all i have)

enjoy !
