Tickling shaey part 3 HER FEET - clip is 7:24min long - feather, hair brush and hands treatment.

ok, belly tickling - CHECK, armpits - CHECK, legs - CHECK, so it must be FEET TICKLING TIME !

poor shaey is still bound to our device.

she is really tired and she's not even half way done.

reut sits down near her fully exposed tiny feet and starts with her slow an methodical tickling. at first at it seems that shaey dosen't really mind reut playing with her feet.

but after a few seconds this touching starts bugging her and her small feet try's to run away from reut hands.

lola is at the back, watching her friend, knowing she's next.

shaey is really shay.... she's not laughing really hard but the look on her face says it all.

Enjoy !
