The Philippines tickling PILOT ! - clip is 6:04min long -

Welocme to the Philippines pilot.

so, what is this all about you ask ? here is the thing....

We are thinking about producing some tickling clips in the Philippines.

what we have here, is a Pilot shooting done by our partners there.

the bondage is quite amateur and the shooting also.

any way, i think its pretty nice but i want to know what you think !

again, not about the video quality or the bondage,

we want to know what you think about tickling in the Philippines.

if we will get positive feedback, we will go and make Philippines tickling series.

so feel free to let us know what you think.

preview is 1min long.

full clip price (6 minutes) is 1.99\$ - Pilot price -
