meet elizabeth.

elizabeth is a cute and ticklish girl who came to us through a "ticklish girls needed" ad that we posted.

she was really cute and helpless to reut's tuch....

as you can see we have also upgraded our device (perspexi)

it got a new name and now it can hold the victim standing as well as lying down !

lets hear your voice cheering for the new and improved PersWoodSki !

Reut's side of view:

well i LOVE PERSWOODSKI!!!, and you can see why,

it was really fun tickling with it, and you can do so many things!

so elizabeth was its first but not last victim!

a sweet girl, very ticklish, she laught before we even started (i love when they do that>

we started out by tickling all over her armpits and belly

Enjoy,

reut.
